

## **Undergraduate Tuition/Fees**

### **New Fixed Rate Tuition**

On April 18, 2006, the Board of Regents (the governing board for the university system in Georgia) approved a “Fixed for Four” program that aims to give students and parents more certainty in planning for college tuition. The plan allows first time freshmen to lock into a fixed tuition at the time you enter Georgia Tech and maintain that fixed tuition for four years. For actual rates, please see: [Tuition and Fees](#).

This is a wonderful opportunity to lock in a tuition rate that will allow you and your family to budget for the next four years at Georgia Tech without any surprises or increases.
